## Target Grade

This is the grade your child has the potential to achieve in a particular subject in the final examinations at the end of year 11.

(But only if they work to the very best of their ability throughout the five years).

## Working at Grade

This is the GCSE grade they are working to at that moment in time.

The 'working at' GCSE grade will be based on everything a teacher knows about a student, including results in progress tests, and work produced in both class and at home.

This will be the GCSE grade that the student is currently working at and will be based on a full range of evidence

## The indicator

The final column on the report tells you and your child whether the current 'working at' GCSE grade given means that the student is on course (if they keep working/learning as they have been) to achieve their target grade at the end of Year 11.

- + If progress continues at a similar rate, then the student is likely to exceed their target grade
- = If progress continues at a similar rate, then the student is likely to achieve their target grade.
- If progress continues at a similar rate, then the student is unlikely to achieve their target grade.

## ASSESSMENT THROUGH THE YEAR

- All students will have at least 3 progress tests through the year (5 in English, mathematics and science)
- They will also have ‘substantial’ pieces of work through the year in most subjects.

Substantial pieces of work and progress tests will all be awarded a ‘working at’ GCSE grade (after any follow up work is required).

NB. This ‘working at’ GCSE grade is specific to that piece of work/progress test.

## Students will have a 'flightpath' sheet in the front of their book/progress file

*NB. a WT grade means 'working towards' GCSE grade G*

- If the grade for the work/progress test is on or above their KS2 Entry line they are making appropriate or better progress towards their target grade.
